**About us:**

Whenever possible, our ingredients are locally sourced. Our maple syrup is from Patterson Sugar Bush. We use Bigfoot BBQ Sauce from Butternut. When the local farmer's market is open, we purchase locally sourced fresh fruits and vegetables. Sometimes we need to go to the local grocery store(s) to obtain ingredients and feel-good knowing that we are supporting local jobs.

We house-make everything we can, based on availability of products. We feel it is the little things that count. We make our own muffins and shred or chop potatoes to order. We also prepare our signature Loon Lemon Sauce and maraschino cherries. All soups and chili are made from scratch; amongst a host of other things.

**Ask your server for vegetarian, vegan, and gluten-free options. Most of the items on the menu can be adapted to meet your dietary needs. Please let us know and we will work our magic. Please note that we are NOT a gluten free restaurant, so we cannot guarantee that cross-contamination will not occur, but we will do our best to serve you well.**
